Vision

To be a global partner in education and research through talent transformation in engineering & technology.

Mission

- We emphasize on value-based technological and managerial education to meet future needs by
- Incorporating state-of-the-art teaching and learning techniques in a cognenial environment.
- Inclucating lifelong learning skills with ethical, moral and social responsibilities.
- Imbibing importance of innovation, collaboration and leadership.

About Us

JGI, Emerges as ' Jain College of Engineering ' Jain College of Engineering has its roots in one of the premiere engineering institution of Karnataka, Jain College of Engineering and Technology, a prestigious engineering college in Hubballi.
The founding organization Mahaveer Society, Benguluru, established college in 1947 with an aspiration of creating an institution that would lay the foundation of modern engineering education in northern region of Karnataka.

Big News

From 2020 Batch

- Amazon Software Development Center has recruited one CSE student with a Salary package of 30 LPA.
- Amazon AWS has selected 7 students with salary package of 19 LPA.
- Accenture has selected 323 students.

2019 Batch.

- Amazon Software Development Center has recruited one CSE student with a great salary package of 29 LPA.
- Robert Bosch has selected 142 students.
- SAP Labs has offered 17 LPA salary package to three CSE students of our University.

Courses

Computer Science

"If you think you are worth what you know; you are very wrong."

The intake for undergraduate program is 180 students and 18 each for M.Tech(CSE) and M.Tech(CNE). The faculty student ratio is 1:18.The Department has a comprehensive curriculum on topics related to all aspects of Computer Hardware and Software with an emphasis on practical learning. The course structure is in line with latest advances in technology which equip the students with the latest developments in Computer Science and Engineering. The Department has undertaken many research/consultancy projects funded both by multinationals and government agencies worth INR One crore. During last five years the department has, to its credit nearly 450 publications. The Department has an excellent placement track record where in various companies offer salary packages with an average salary of INR 11.15 Lakhs per annum. Major recruiters are Yahoo, Microsoft, PayPal, Intel, Flipkart, Amazon, Cisco, Oracle, Google etc. Internship opportunities are provided for final year and pre-final year students to carry out projects.

Civil Engineering

Civil Engineering

From the Desk of HOD (CE)...

The Department of Civil Engineering with its multifacieted faculty continues to maintain and cultivate strong links with the infra structural industry and academic and research institutions.

An array of sophisticated facilities in the areas such as ETABS, SAP 2000, Primavera P6, Abacus, ZWCAD, FEA, GIS, Pavement Research Environmental Engineering and Geotechnical Engineering ensure that students get benefitted. Constant appraisal and feedback combined with a system of counselling, monitors the progress of each student. The Society of Civil Engineers provides an active forum that extends beyond the curriculum. Conceive, realize and design civil engineering infrastructure that is the backbone of growth and prosperity of mankind. Plan, construct and maintain the built environment meeting the demands of humanity. Assess the impact of civil engineering activities on economy, environment and society at large. Work in team with moral, ethical and professional responsibilities. Cultivate the aptitude for continuous learning and learn to adapt to the changing needs of the society.

team with moral, ethical and professional responsibilities. Cultivate the aptitude for continuous learning and learn to adapt to the changing needs of the society.

Electrical Engineering

The Electrical and Electronics Engineering program prepares professionals with the capacity to apply their knowledge, skills, attitudes, and the most recent technological developments to the solution of problems in our society.

he Course at the department, is a healthy amalgam of Power Engineering, Electronics and Computers; comprehensive and in keeping modern trends of Electrical and Electronics Engineering education. Course pattern at the department is planned to keep the students up to date with the recent trends and shifting technological paradigms, making them industry ready. The course was accredited by National Board of Accreditation (NBA). The department has a total of 21 faculty members with various specializations, out of which 8 are PhD holders and all remaining 11 are pursuing PhD. The average experience of the faculty is very high. Students are required to undergo quizzes in addition to assignments and self study evaluation. They are evaluated on regular basis there by making the course learning and just not grade oriented.

Mechanical Engineering

Mechanical engineering program is designed to educate the engineers of tomorrow by creating integrating experience of theory and practice. It is ensured that the curriculum and learning are constantly responding to market requirements and the latest developments in the field.

The department offers B.E. in Mechanical Engineering with an annual intake of 120 students. Mechanical engineering is one of the oldest and evergreen branches of Engineering.With tremendous emphasis on quality, volume of production, optimization and automation, this engineering field has grown leaps and bounds in the last few decades. We impart a perfect blend of knowledge that incorporates the conventional methods and the advancements in the latest technology. The department is engaged in sponsored research, consultancy, testing and characterization majorly in the areas of advanced materials development, processing and design. Advanced Diploma in Automotive Mechtraonics (ADAM) was started in 2018 in collobration with Mercedes-Benz.
